Last week, we were so grateful to receive this award from the [Juneau Community Foundation](#) alongside our sister store, Super Bear IGA. We were awarded Philanthropic Business of the Year! The partnership was formed last year to provide food to school-aged kids in our community. About 500 "break bags" are created and handed out to kids from food insecure families before winter, spring, and summer breaks. In addition to the break bags, we were recognized for our commitment to fundraising, sponsorships, and community involvement with nonprofits in Juneau. Cheers to our great community - we are proud to serve you!
